

Dear Parents,

If your child is a car rider, he/she will be dropped off and picked up in front of school.

**For Morning Drop Off:** Parents/guardians may begin dropping off students at **7:40 am**. Cars will enter the campus from the first entrance off of Roddy Road. For our first unloading, we will form **double lines** completely around the loop before unloading the cars. Only cars that have passed or pulled up even with the brick columns in the front of the school may unload during this first signal. For the second unload, we will form double lines up to the flagpole. **Please keep all students in the car until they are signaled to exit.** **(Teachers will be directing cars and students.)**

**For Afternoon Pick Up:** Parents/guardians may begin arriving on campus at **1:30 pm**. Students will be released at 2:00 pm. Cars will enter from the first entrance off of Roddy Road. Form a **double line** stopping at the **flagpole**. Cars that have passed or pulled up even with the brick columns will be loaded at one time. **(Teachers will be directing cars and students.)**
