NOTICE

This *employee handbook* attempts to summarize briefly and discuss various policies and procedures of our school system for the information and convenience of our employees. This handbook carries a condensed version of many Ascension Parish School Board policies and administrative procedures and should not be substituted for the official Policy Manual. The Policy Manual contains the actual operational policies of the Board and is revised continuously. Copies of the Ascension Parish School Board Policy Manual can be found at the school board office and on our website at www.apsb.org. If there are any discrepancies between this handbook and the official Policy Manual, the Policy Manual will prevail. Likewise, if there are any discrepancies between this handbook and state or federal law, the applicable law will prevail.

This handbook has been prepared as a guide for employment and includes practices, responsibilities, and benefits for the employees of the Ascension Parish School Board. All employees are expected to read, understand, and comply with the provision of the handbook. If you have any questions about any handbook provisions, consult the Human Resources Department to have your question answered. Employees are highly encouraged to fully review the School Board's complete policies found online, or at the School Board Office.

The language in this handbook is not intended to create a contract between the Ascension Parish School Board and its employees, and it should not be construed as promising or guaranteeing continued benefits or employment. Unless you have a written contract of employment with the Ascension Parish School Board, all employment with the Ascension Parish School Board is at-will and nothing contained in this handbook is intended to alter the at-will status of its employees.

Full-time university experience (but not graduate assistantships) is also counted, as is experience at the State Department of Education, if the position requires a teaching certificate. A teacher must work at least one full semester in a school year to be given credit for it. Only one year of experience may be earned in any one school year. She/he will be paid for the highest degree that appears on his/her teaching certificate. When a teacher is awarded an advanced degree, she/he will be paid according to the salary schedule for that degree, beginning with the payroll period following the date that the degree is placed on his/her teaching certificate.

F. Compensatory Time (See Policy GBAA)

Personnel who are eligible for overtime compensation shall be allowed to bank overtime as compensatory (comp) time for the time worked in excess of forty (40) hours per week. Worked hours refers to actual hours paid during the workweek, including vacation, holiday, and sick leave.

Eligible employees are those employees who have been classified as nonexempt for purposes of overtime compensation in accordance with the Fair Labor Standards Act. Therefore, as a

condition of employment and for use of compensatory time in lieu of overtime payment, the Ascension Parish School Board shall allow the use of compensatory time off in lieu of payment at a rate of time and a half. The following conditions shall apply:

1. Employees may bank up to 80 hours (80 = 53.33 hrs of overtime x 1.5).
2. Employees will be allowed to use banked comp time with prior approval of their immediate supervisor.
3. Any employee that has 80 hours bank comp time must get approval from the appropriate director before working any overtime.

VI. MEDICAL INSURANCE (see Policy EGA)

Medical Insurance may be elected by full-time employees through the Ascension Parish School Board Medical Insurance Plan. The School System pays a portion of the premium, and the employee pays the remainder as a payroll deduction. Employees may elect not to have coverage. Full-time employees are also provided dental and vision coverage, and may elect these coverage's for family members, with the cost of the premiums for the family members to be paid by the employee. Open Enrollment occurs each year, usually in the month of September, in which employees may choose among the options offered. This election will be effective for the following benefit year, beginning on November 1. -In general, coverage for employees hired at the beginning of the school year will begin on the first day of October. Please check with the Insurance Department to verify your coverage.

Employees should notify the Insurance Department as soon as possible of any changes in dependents or beneficiaries so that there will be no lapse in coverage. To add coverage for a newborn child, the employee must complete an enrollment form within 30 days of the child's birth. Employees should also notify the insurance department as soon as a covered dependent becomes ineligible for medical insurance. (Dependents become ineligible at age 26 and coverage ends on the last day of the month in which the dependent turns 26.)

- C. Time Clock Policy**
- I. All employees (nonexempt) are required to use the time clock system to record their hours worked. Nonexempt employees are required to clock in and out for payroll and attendance purposes. At the discretion of the Supervisor, exempt employees may be required to use a time clock for attendance purposes as well.
 - II. Employees should clock in no sooner than seven (7) minutes before or after the scheduled shift and clock out no later than seven (7) minutes before or after the scheduled shift. If an employee misses the window for clocking into the timekeeping

Any employee found clocking in/out for another employee will be subject to disciplinary actions up to and including termination. Any employee allowing another employee to use his/her employee number to clock in/out for that person will also be subject to disciplinary actions up to and including termination.

Each 9-, 9.5-, and 10-month employee shall be granted 10 days absence per year because of personal illness or other emergencies without loss of pay. 12-month employees shall be granted 12 such days. However, no employee shall be allowed any sick leave until s/he reports for duty and actually performs work. Such leave, when not used, shall be allowed to accumulate to the credit of the employee without limitation. Employees on Louisiana extended sick leave, leave without pay or on worker's compensation will not automatically receive their sick leave at the beginning of the fiscal year, but will receive their sick days once they physically report to work each fiscal year.

Emergencies for sick leave purposes are defined by the School Board as:

- ◆ Illness or death within the immediate family--husband, wife, children, mother, father, son-in-law, daughter-in-law, mother-in-law, father-in-law, brother, sister, grandparents, grandchildren (including step relations);
- ◆ Weather conditions - hurricane, tornado, snowstorm, flood, accident, when approved by the Superintendent or his/her designee;

An employee who is absent for six (6) or more consecutive days shall be required to present a certificate from a physician certifying such absence upon return to work. In the case of repeated absences of less than six days because of illness, the Board reserves the right to require verification of illness. Should a pattern of behavior so warrant, upon the request of the Superintendent or his/her designee, the employee shall be required, at the expense of the school system, to provide a certificate from a physician specified by the school system, in order to verify the existence of a medical disability.

All sick leave accumulated by a teacher or school employee, but not a bus driver, shall be vested in the teacher or employee. If a teacher or employee transfers to another public school system in Louisiana, s/he shall be credited with the number of days vested, according to Policy GBRIB

The School Board will pay an employee upon retirement, or to the employee's heirs or assigns upon his/her death prior to retirement, for any unused sick leave, not to exceed 45 days. Such pay shall be at the daily rate of pay paid to the employee at the time of his/her retirement or death.

DEFERRED RETIREMENT OPTION PROGRAM (DROP)

Any employee of the School Board who participates in the *Deferred Retirement Option Program* (DROP) shall be eligible for and may elect to receive on **an one-time basis severance pay** (accrued sick leave up to a maximum of forty-five (45) days) upon entering DROP on the same basis as any other employee who retires or otherwise leaves employment; otherwise, any accrued sick leave shall be paid only upon final retirement of the employee.

D. Bereavement (see policy GBRIB). Two (2) days bereavement leave shall be granted to employees in the event of the death of an immediate family member without the absence(s) being charged to either sick leave or annual leave.

Immediate family shall be defined as spouse and children; mother and father or that of the spouse; brothers and sisters and their spouses or that of the spouse; and the employee's grandparents, spouse's grandparents, grandchildren, daughter-in-law, and son-in-law.

If additional days are requested, the employee may utilize a maximum of 3 sick days if there are sick days remaining. If the employee has exhausted all sick leave, the time will be deducted from pay.

The principal or department head shall be responsible for verifying bereavement leave requested.

When calling bereavement days into the TSSI system, use the following budget code:

E. Extended Sick Leave (see policy GBRIB). If an employee is absent after having exhausted all of his/her accumulated sick leave, she/he shall be docked a full day's pay for each day's absence, with the following exception:

A full time employee who has exhausted all accumulated sick leave and is absent due to a medical necessity in his/her immediate family (for the purposes of this type of extended leave, immediate family is defined as spouse, child, or parent of the employee) shall be granted up to 90 days of extended sick leave in a six-year period. Employees in non-certified teaching positions must be absent for ten (10) consecutive days in order to be eligible to apply for Extended Sick Leave. Employees in certified teaching positions must exhaust all of their sick leave in order to become eligible for extended sick leave. The original application for extended sick leave, accompanied by a statement from a licensed physician certifying the need for the leave, must be submitted to the human resource department prior to the extension of such leave. If an employee is unable to submit the application and physician's statement prior to the commencement of the leave, the application and statement shall be submitted as soon as practicable but in no event later than three days from the date the employee returns to work. Applications not received within the required time will be denied. Leave forms can be found at www.apsb.org/leave. Employees on approved extended medical leave shall be paid at a rate of 65% of the salary that they were making at the time the leave began. Employees on extended medical leave may not be employed elsewhere unless **all** of the following conditions are met:

- ◆ The employment is no more than 20 hours per week.
- ◆ The employee has worked at the part-time job at least 120 days prior to the inception of the extended medical leave.
- ◆ The doctor who recommended the extended medical leave certifies that the part-time employment will not interfere with the purpose of the leave.

Medical necessity shall be the result of a catastrophic illness or injury, which means a life-threatening, chronic, or incapacitating condition.

F. Personal Leave. Teachers and all other employees, except bus drivers and those who receive annual leave are eligible for two days of personal leave during each school year. Personal leave is to be used for such purposes as may be determined by the individual. Notice must be given to the employee's immediate supervisor at least 24 hours prior to taking such leave. The two personal days are neither cumulative nor payable upon death or retirement. Personal leave shall be charged to and deducted from current or accumulated sick leave. If no accumulated sick leave remains, the employee's full pay shall be docked.

G. Maternity Leave. The Ascension Parish School Board shall grant to regularly employed employees maternity leave for a reasonable time before and after childbirth upon proper application to the Board for maternity leave. Such request shall be made prior to the fifth month of pregnancy and shall be accompanied by a physician's statement attesting to the need of the leave for maternity purposes. The Board shall determine, after consultation with all parties, a reasonable length of time that shall be granted for maternity leave.

The maternity leave provided for herein shall be without pay and although it shall not affect tenure or salary rights acquired prior to taking such leave, time spent on maternity leave shall not be counted toward acquiring tenure or for salary schedule purposes. Maternity leave for the period of disability occasioned by pregnancy and/or childbirth shall not interrupt the consecutive service for sabbatical leave purposes.

Employees desiring to use current and accumulated sick leave days in lieu of maternity, leave shall state such request and anticipated number of days to be used on the application for sick leave, in accordance with provisions found in policy GBRIB, Sick Leave.

Each *teacher* granted maternity leave in accordance with state law and who has no remaining sick leave days available may also be granted up to an additional thirty (30) days of extended sick leave in each six-year period of employment for personal illness related pregnancy, illness of an infant, or for required medical visits certified by a physician as relating to infant or maternal health.

H. Annual Leave (Vacation) (see policy GBRK). All twelve-month employees shall be granted annual leave. Employees hired during a fiscal year shall be granted 2.5 days of vacation after 3 months of employment, and .834 days of vacation for each month worked during fiscal year thereafter, up to a maximum of ten (10) days. All other twelve-month employees shall be granted annual leave as follows:

Years of Service	Annual Leave Granted (In days)	Monthly Accrual Rate (In days)
0 - 4	10	0.834
5	11	0.917
6	12	1.000
7	13	1.084
8	14	1.167
9	15	1.250
10	16	1.334
11	17	1.417
12	18	1.500
13	19	1.584
14	20	1.667

Vacation leave shall be credited on a monthly basis according to the accrual rates indicated above. Annual leave may be accumulated and carried forward as earned up to a maximum of twenty (20) working days. If any employee's annual leave balance reaches twenty (20) days, the accrual of leave will stop until the employee's balance falls below the maximum of twenty (20) days.

I. Professional Leave (see Policy GBRH). An employee may be granted professional leave to attend an educationally related conference, meeting, or convention, if such attendance is considered to be in the best interest of the school system. The Director and/or Superintendent must approve professional leave in advance. The request for professional leave must be submitted on the official request form in duplicate at least two weeks in advance of the requested leave.

J. Sabbatical Medical Leave (see Policy GBRHA). All teaching personnel shall be granted sabbatical medical leave at the discretion of the Superintendent. Teachers are eligible for two semesters immediately following twelve or more semesters of consecutive service or one semester immediately following six semesters of consecutive service. Leave without pay is

deemed to be an interruption of consecutive service (i.e. a docked day). The teacher must provide a statement from a licensed physician stating that the leave is medically necessary. The pay will be 65% of the teacher's pay at the time the leave begins. Medical sabbatical leaves that begin after a semester has started will terminate at the end of that semester (or at the end of the next semester, if the leave was for two semesters). Sabbatical medical leave must be applied for on the approved form, and submitted to the superintendent at least 60 days preceding the beginning of the semester of the school year for which leave is requested. (In case of emergency, the request may be submitted 30 days prior.) An employee on sabbatical medical leave may not be otherwise employed unless all of the following criteria are met:

- ❑ Employment is for no more than 20 hours per week.
- ❑ The employee has been working in this part-time job 120 or more days prior to the beginning of the sabbatical leave
- ❑ The physician who recommended the leave certifies that part-time employment does not impair the purpose for which the leave is required.
- ❑ The School Board authorizes the part-time work.
- ❑ The employee is not working for any public or private elementary or secondary school in Louisiana or in any other state.

K. Sabbatical Leave for Professional Development (see Policy GBRHA). Teachers are eligible for two semesters of sabbatical leave for professional development immediately following twelve or more semesters of consecutive service or one semester immediately following six semesters of consecutive service. Leave without pay is deemed to be an interruption of consecutive service (i.e. a docked day). They are required to earn 9 undergraduate credit hours, provided such hours directly improve the person's skills and knowledge as a teacher, or six (6) graduate credit hours, or be certified as a fulltime student at an institution of higher learning accredited by the respective State Board of Education or territorial board in which such institution is located.

The pay will be 65% of the teacher's pay at the time the leave begins. Sabbatical leave for professional improvement must be applied for on the approved form, and submitted to the superintendent at least 60 days preceding the beginning of the semester of the school year for which leave is requested. Teachers on professional sabbatical leave are prohibited from employment by any public or private elementary or secondary school in Louisiana or any other state.

L. Military Leave (see Policy GBRID). Leave with pay for military purposes, not to exceed fifteen (15) working days in one calendar year, shall be granted to 12-month employees or to employees called to emergency duty during the school year. Leave without pay shall be granted when leave is for more than fifteen (15) working days or to other employees who do not qualify for leave with pay. All requests for military leave shall be presented to the School Board for approval and must be accompanied by proper documents attesting to call to duty.

An employee on extended military leave (longer than fifteen (15) days) must apply for reinstatement of his/her former position within thirty (30) days after end of leave; he/she shall then be reinstated at the salary then in force in the salary schedule. The Board may transfer the employee to a position of comparable status if, in the opinion of the Board, such action is beneficial to the school system.

M. Family and Medical Leave (see Policy GBRIBA).

The Ascension Parish School Board shall permit qualified employees to take up to twelve (12) workweeks of unpaid leave in a twelve (12) month period for family and medical reasons. Employees qualifying for family and temporary medical leave shall have been employed by the Board for the previous twelve (12) months prior to the date of the leave to be taken. For the purposes of this policy, the 12 month period shall be the same as the fiscal year, July 1 to June 30. Such unpaid leave may only be taken for the following reasons:

1. For the birth of the employee's child and subsequent care;
2. For the placement of a child with the employee for adoption or foster care;
3. In order to care for the spouse, child or parent of the employee who has a serious health condition; or
4. When the serious health condition of the employee renders the employee unable to perform the essential functions of his or her job.

Leave may be taken for birth or placement of a child only within twelve (12) months of the birth or placement.

Generally, the time taken for family and medical leave shall be on a continuous basis. However, the employee shall be permitted to take leave on an intermittent or reduced basis to care for a seriously ill family member or the employee's own illness when medically necessary. An employee may take intermittent leave for the birth or adoption of a child only with the Board's approval.

If a teacher's period of absence on intermittent leave amounts to more than 20% of classroom time, the teacher may be required to take continuous leave throughout the treatment period or be placed in an equivalent position that would not be so disruptive to the classroom.

A teacher may be required to extend leave through the end of the semester if the intended date of return is within the last two (2) or three (3) weeks of the semester, depending on the date on which leave began and the length of the leave.

An employee shall be required to request leave by providing the Board at least thirty (30) days notice prior to any leave being taken for the birth or adoption of a child, or for any planned or foreseeable medical treatment. For emergency treatment, or circumstances where thirty (30) days notice cannot be provided, the employee shall notify the Board of the leave to be taken as soon as possible. Medical certification may be required by the Board at the time leave is requested.

The employee shall be required to substitute any accumulated sick leave and/or annual leave for any family and medical leave time requested. If paid leave is used by an employee, the Board shall provide only enough unpaid family and medical leave time to total the allowed twelve (12) week period.

Any employee taking family and medical leave shall have the right to return to their previous position or an equivalent position with no loss in benefits at the end of the leave period. An employee returning to service at the end of their leave period for personal medical reasons shall be required to present to the Board a letter from their doctor certifying that the employee is able to return to work.

The Board may grant leave of absence, without pay, to any regularly employed teacher or other employee at its discretion for periods of time not to exceed one year. Such leave shall be granted by the Board, upon proper request in writing by the employee, whenever in the discretion of the Board such leave is in the best interest of the school district. In the event leave without pay is granted for a period beyond 12 weeks, the employee will be responsible for 100% of benefit premiums after the initial 12 week period.

At the time leave without pay is granted, the Board may declare at its discretion that all or certain of such leaves shall not be deemed to interrupt active service for sabbatical leave purposes.

Continuation of benefits

Employees will be allowed to continue benefits while on leave without pay, but will be required to pay both the employee and employer portion of premiums after 12 weeks on leave without pay. Premiums are due by the fifteen of the month of coverage.

For benefits that may be continued beyond the 12 weeks, the employee must arrange in advance to pay any required premium(s)-*both employee and employer portions*-directly to the insurance office. If the employee chooses not to continue your sponsored coverage, or if you do not pay your premium(s) on time, your coverage will end on the last day of the month for which premiums or contributions are paid.

- ◆ **NOTE:** Extended leave will not be granted for the purpose of obtaining employment elsewhere.

O. Jury Duty. The Board shall grant a leave of absence to any regularly employed person of the school system who has been called or subpoenaed to serve jury duty. Such leave shall be granted for the period of time required to serve such jury duty without loss of sick, emergency, or personal leave or any other benefit. Jury duty shall not be deemed to interrupt service accumulated toward sabbatical leave.

Anyone serving on jury duty shall receive his regular salary and may keep the compensation received as juror. Said employee shall be responsible for submitting verification of call or subpoena for jury duty to the Superintendent or his designee to be eligible to receive leave for jury duty. Any employee abusing said leave shall be subject to disciplinary action.

P. Probation. Upon initial employment, teachers shall remain on an at-will employment status until they have successfully met the statutory criteria to be granted tenure with the school system. During this period, the teacher may be terminated by the Superintendent after providing the teacher with written reasons for termination, an opportunity to respond within ten (10) days.

Contract appointees hired under a promotional or performance contract shall not be entitled to any probationary period.

All newly hired school employees (who are not teachers) shall be placed on six (6) month probationary basis upon employment. Successful completion of the probationary period shall in no way convey any expectation of continued employment. School employees shall be hired on an at-will employment basis and subject to dismissal by the School Board upon the written recommendation of the Superintendent.

VIII. EMPLOYEE CONDUCT

Ascension Parish School Board's Employee Conduct and Work Rules ensures orderly operations and provide the best possible work environment. Ascension Parish School Board expects employees and others who may from time to time be engaged to provide services, such as temporary personnel, consultants and independent contractors, to follow these rules of conduct while on Ascension Parish School Board premises, attending APSB functions or otherwise performing work-related activity.

In addition to maintaining and enforcing this policy to protect the interests and safety of all employees and the organization, Ascension Parish School Board complies with all applicable federal, state and local laws and regulations concerning employer/employee rights and obligations.

Theft

Ascension Parish School Board will not tolerate monetary or property theft of any type. The School Board considers property theft to include the unauthorized use of Ascension Parish School Board services or its facilities as well as the taking of any unauthorized property for personal use. No item purchased or supplied by Ascension Parish School Board should ever be removed from the School Board premises without the expressed authorization of the School Board. Employees

that violate this policy will be subject to disciplinary actions up to and including possible termination and prosecution.

Staff/Student Relations

The relationship between staff members and students in the school district should be one of cooperation, understanding and mutual respect. All employees have the responsibility to provide an atmosphere conducive to learning, which should be accomplished through effective individual and group discipline. All students and staff will treat each other with respect.

Differences and problems that arise between an employee and student are typically best worked out by conferences with those involved or between the parent of the student and staff member. Furthermore, all meetings with students and staff members should have a witness present during the meeting. If no witnesses are present during a meeting between a staff member and student, the staff member is responsible for ensuring that there is an open door or window so that the interaction between the student and staff member is visible to others. However, employees and students should immediately report a violation or perceived violation of the district's nondiscrimination and anti-harassment policy, regardless of whether a conference has been held.

No employee may use his or her status as an employee to adversely influence a student of the district. No employee may date, make advances toward, or engage in any sexual relationship with a district student, regardless of the student's age, the perceived consensual nature of the relationship, where the advances are made or whether the employee directly supervises the student. Further, no employee may discuss or plan a future romantic or sexual relationship with a student.

IX. EMPLOYEE DISCIPLINE (See Policy GBK)

The Superintendent and his/her designee shall possess the authority to discipline employees when an employee's behavior warrants such action. A principal shall have the authority to recommend to the Superintendent when appropriate that employees at the school in which he/she is employed should be disciplined.

Discipline of an employee shall be progressive in nature such that penalties for poor job performance or broken rules become increasingly harsh as similar or related conditions continue or infractions are repeated. Such progressive discipline, however, shall not inhibit the Superintendent's authority or, in the case of certain employees, the School Board's authority, to discipline, suspend, or terminate an employee based on the circumstances of any single event. Documentation of employee behavior, employee performance, and any disciplinary action taken shall be properly and thoroughly recorded.

Should any disciplinary measure become necessary, any documentation shall be considered *confidential* and treated in accordance with statutory provisions and School Board policy.

X. TERMINATION OF EMPLOYMENT

A. Retirement (see Policy GBQ).

All employees shall be required, as a condition of employment, to become members of the retirement system for which they are eligible. Employees shall also be required to officially inform the Ascension Parish School Board in writing of their plans to retire.

In general, the amount of a retiree's annual benefit is computed as follows: multiply two or two and one half (see types of retirement, below) times the total years of service credit times the average of the highest three years salary. The retirement benefit will vary depending on the Retirement Option chosen.

TYPES OF RETIREMENT -

The two-percent formula. To retire under the two-percent formula, an employee must be:

- ◆ Age 60 with at least 10 years of service credit, excluding military service purchased after Sept. 10, 1982
- ◆ Any age with 20 years of service credit, excluding military service purchased after Sept. 10, 1982

The two-and-one-half-percent formula. To retire under this formula, an employee must be:

- ◆ Age 65 with 20 years of service credit, excluding any military service
- ◆ Age 55 with 25 years of service credit
- ◆ Any age with 30 years of service credit

Employees contemplating retirement should contact the Human Resources Department at least six months prior to the date of retirement. Employees have a duty to check with the appropriate retirement system to assure they are qualified to retire prior to making any retirement decisions.

B. Resignation (see Policy GBO). Employees who wish to resign their position should complete a resignation form indicating the reason for the resignation, and submit it to the Superintendent for acceptance. The form can be obtained from the principal/supervisor. A teacher who is under contract is to obtain from the Superintendent a release from his/her contract before she/he may accept employment elsewhere during the term of the contract. The Superintendent shall provide written acceptance of the resignation to the employee, including the date of acceptance and setting forth the effective date of resignation.

Once the Superintendent has accepted the resignation, it may not be withdrawn by the employee. The immediate supervisor shall be informed in writing of the resignation. The resignation and its acceptance should be reported as information to the Board at the next regular or special meeting. Any employee who intends to resign after the end of the school session shall be urged to submit his/her letter of resignation as soon as possible.

C. Dismissal. Administrators will strive to assist personnel in every way possible to perform their duties satisfactorily. Every reasonable effort shall be made to avoid the necessity of dismissing personnel at any level. However, the Board may dismiss any employee in accordance with state laws and regulations. Please refer to the following School Board policies concerning dismissal: GBG, GBI, GBK, GBKA, GBL, GBN, GCL, GCN, and GCR.

If an employee is absent for ten (10) or more days without explanation or approved leave, the School Board may consider the job as abandoned and the employee may be terminated, unless the employee can provide acceptable and verifiable evidence of extenuating circumstances. The Superintendent or his/her designee shall be responsible for determining acceptability of evidence of extenuating circumstances.

XI. AVAILABLE POSITIONS

Notification of vacancies and new positions with the school board will be posted on the school board's website (www.apsb.org), and also be sent to employees through email notification.

XII. TRANSFER POLICY (see Policy GBM)

A. Voluntary Transfers.

Employees who voluntarily request a transfer to another location or position shall submit such request to the Superintendent or principal in writing. Such requests shall be submitted on or before the date specified in the policy in order to be considered for the next school year. A written notation of the request to transfer shall also be sent to the employee's principal or immediate supervisor.

A teacher transferred to a school or position must be certified and qualified for the position to which transferred. Should a person request reassignment to a lesser position, such personnel, upon reassignment, shall be placed in the salary schedule at the level of the new position.

A teacher or other school employee who has been a victim of physical abuse by any student(s) shall be given the opportunity to transfer to another position for which he/she is certified or otherwise qualified and in which he/she shall not have contact with the student(s), provided there is a position available.

B. Involuntary Transfers.

The Superintendent may transfer any teacher or other employee, including personnel employed as principals and supervisors, from one position, school or grade to another by giving written notice to the teacher or employee of such intention to transfer. Such transfer shall not be for political or personal reasons. No transfers of instructional personnel shall be initiated during the regular school term, except in emergencies or promotional instances where transfers are required to preserve quality instruction.

The principal shall have the authority to transfer employees at the school in which the principal is employed, subject to the approval of the Superintendent.

Transfer decisions shall be based upon performance, effectiveness, and qualifications as applicable to each specific position. *Effectiveness*, as determined by the Board's personnel evaluation program, shall be the primary reason for considering a transfer. Conversely, seniority or tenure shall not be used as the primary reason when making any decisions to transfer an employee.

XIII. WORKER'S COMPENSATION (see Policy EGAA)

The Ascension Parish School Board shall authorize and direct the Superintendent to ensure workers' compensation coverage for its employees. Employees injured while acting in their official capacity shall be entitled to appropriate workers' compensation benefits prescribed under state statutes for the period of time while injured. Any employee reporting an injury or incapacitation due to a work-related accident shall be required to submit proper certification of the injury and/or incapacitation from a licensed physician.

At the time of employment, all employees shall be required to complete a questionnaire about their health and any previous accidents, injuries, or workers' compensation claims submitted, which shall be maintained in the employee's personnel file

REPORTING OF ACCIDENTS (See Policy EGAA)

Should an accident occur to an employee while in the course of his/her duties, the employee **shall immediately** notify his/her supervisor. Once reported, a detailed report shall be submitted by the employee's supervisor to the Superintendent or designee within five (5) days of the accident. Additional written commentary about the accident may also be required from the employee's supervisor. Periodic medical exams and subsequent reports verifying prolonged disability may be required as needed.

Immediately following any accident, whether or not injury occurs, the administrator of the school or facility shall file an *Investigation of Accident Report* with the Superintendent or designee. If an injury occurs, an LWC-WC IA-1 Form (*Louisiana Workforce Commission Worker's Compensation -First Report of Injury or Illness*) must also be completed.

ALCOHOL AND DRUG USE

No workers' compensation benefits shall be allowed for an injury caused by the injured employee's intoxication at the time of injury.

In order to support a finding of intoxication due to alcohol or drug use, the School Board shall have the right to administer drug and alcohol testing or demand that the employee submit to drug and alcohol testing immediately after the alleged job accident. If the results of the drug test are positive, or the alcohol tests show blood alcohol equal to or greater than the limits outlined in state law, the employee shall be considered intoxicated, in which case the employee shall not be entitled to any workers' compensation benefits.

If the employee refuses to submit to drug and alcohol testing immediately after the accident, then it shall be presumed that the employee was intoxicated at the time of the accident, in which case the employee shall not be entitled to any workers' compensation benefits.

All drug and alcohol testing shall be in accordance with state law and School Board policy (see procedures in policies *GAMEA, Alcohol and Drug Abuse and Testing - General Employees*, and *GAMEB, Alcohol and Drug Abuse and Testing – Holders of Commercial Drivers' Licenses*).

If the grievance is not submitted within the time prescribed, the employee shall be deemed not to have further right with respect to said grievance.

Step 2. In the event the employee wishes to appeal the decision in Step 1 or if no decision has been rendered in the time specified, the appeal must be presented in writing to the next administrative officer of higher rank than the grievant's immediate supervisor. Such appeal shall be presented within five (5) working days of the Step 1 decision. Such appeal shall contain a statement of the grievance and specific references to the action taken causing the grievance. The administrative officer shall schedule a meeting with the employee as promptly as is reasonably possible to attempt to resolve the grievance. Notice of the conference shall be given to all parties involved in an alleged grievance. The administrative officer shall issue a written decision to the grievant within five (5) working days after the conference. The Superintendent or designee, at the date and time specified, shall conduct a full hearing on the grievance, and in doing so; maintain a transcript of the proceedings. Following the hearing the Superintendent or designee shall make a written recommendation for disposition of the grievance and provide a copy of the transcript to the School Board at a meeting of the Board.

Step 4. After reviewing the transcript of the grievance hearing and the recommendation of the Superintendent or designee, the Board then shall dispose of the grievance. School Board Policy GAE gives a complete listing of all rules and regulations concerning grievances.

XV. INDEMNIFICATION AND LEGAL DEFENSE OF SCHOOL BOARD EMPLOYEES (see Policy GAMH)

XVIII. ELECTRONIC MAIL AND INTERNET POLICY (see Policy EFA)

This document describes the School Board's policy with regard to access and disclosure of electronic mail messages sent or received by office personnel, the access and research function of the Internet and the use of the office computer systems. All rules, policies and procedures concerning work-related activities and correspondence apply equally to the use of electronic mail and Internet access.

The School Board respects the individual privacy of its employees. However, employee privacy does not extend to the employee's work-related conduct or to the use of the School Board's equipment or supplies. You should be aware that the following guidelines may affect your privacy in the workplace.

Management's Right to Access Information

The electronic mail system has been installed by the School Board to facilitate business communications. Although each employee has an individual password to access this system, all data belongs to the School Board and the contents of electronic mail communications are accessible at all times by management for any business purpose.

Internet web access has been provided to certain individuals within this office for research purposes. Audit reports are generated which reports each individual's activity while on the Internet. This audit trail is accessible to management and may be reviewed to ensure compliance with this policy regarding its use.

The office data systems may be subject to periodic unannounced inspections, and should be treated like other shared filing systems. All system passwords must be available to management, and you may not install non-standard security or encryption programs without turning over appropriate passwords or encryption keys to the Administrator.

All electronic mail messages are School Board records. The contents of electronic mail, properly obtained for legitimate business purposes, may be disclosed within the office without your permission. Therefore you should not assume that messages are confidential.

Personal Use of Electronic Mail

Because the School Board provides the electronic mail system to assist you in the performance of your job, you should use it for official business only. The School Board reserves the right to access and disclose as necessary *all* messages sent over its electronic mail system, without regard to content.

Since your personal messages can be accessed by management without prior notice, you should not use electronic mail to transmit any messages you would not want read by a third party. Moreover, you should not use these systems for such purposes as soliciting or proselytizing for commercial ventures, or personal causes, outside organizations or other similar, non-job-related solicitations.

Any persons misusing the electronic mail system may be subject to disciplinary action, up to and including termination.

Use of the electronic mail system or Internet access in violation of these guidelines may result in disciplinary action, up to and including termination.

By using the School Board's electronic mail system or Internet web access, you are agreeing to adhere to the electronic mail and internal policy as set forth above.

XIX. EMPLOYEE DRUG AND ALCOHOL POLICY

ASCENSION PARISH SCHOOL BOARD - POLICY GAMEA DRUG POLICY

I. STATEMENT OF PURPOSE

The children of Louisiana are the greatest natural resource this state provides and their continued safety and health is of serious importance to state and local education agencies. Therefore, the Ascension Parish School Board will not tolerate drug or alcohol use, which imperils the safety or health of students or employees. Alcohol, illegal drugs, or any controlled substances, whether on or within the course and scope of your employment, is clearly prohibited and is a violation of this policy.

Recognizing that substance abuse is a medical problem which can often be successfully arrested and treated, the Ascension Parish School Board will encourage voluntary drug and alcohol abuse assessments that may lead to outpatient counseling or treatment.

Employees should be informed about the hazards of drug and alcohol use and abuse and the assistance available through Employee Assistance Programs (EAP).

It is imperative that employees be assured that personal dignity and privacy will be respected in reaching the goal of a drug-free school.

In pursuit of a drug-free workplace, this plan establishes policies and guidelines for:

- 1) Drug Abuse Awareness
- 2) Employee Assistance
- 3) Supervisory Training
- 4) Identification of illegal drug use through testing on a carefully controlled and monitored basis and job related accident testing for drugs and alcohol.

The School Board will vigorously comply with the requirements of the Drug-Free Workplace Act of 1988, Drug-Free Certification Compliance and Act 1036 of the 1990 session of the Louisiana Legislature.

II. DRUG-FREE AWARENESS PROGRAM

To assist School Board employees in understanding the perils of drug and alcohol abuse, the Ascension Parish School Board has developed a comprehensive awareness program. The School Board will use the program in an ongoing effort for the prevention and elimination of drug and alcohol abuse in the workplace.

It shall be the responsibilities of the personnel office and the Drug-Free Schools Coordinator(s) to ensure implementation of the program.

The Drug-Free Awareness Program will provide employees with information about:

- 1) The harmful dangers of drug and alcohol abuse in the workplace.

- 2) The School Board's policy concerning the use or abuse of drugs or alcohol.
- 3) The availability of treatment and counseling for employees who voluntarily seek or accept such assistance.
- 4) The sanctions the School Board will impose for violations of its Drug-Free Workplace Policy.

III. VOLUNTARY TREATMENT POLICY

The ability to recognize the problems associated with drug abuse and chemical dependency and the implementation of effective intervention programs leading to rehabilitation is essential for a successful EAP. The School Board encourages the earliest possible intervention and treatment for abuse or chemical dependency.

It is the primary responsibility of the employee to seek assistance and/or treatment. The School Board will assist employees in recognizing a dependency problem and to make referral for an assessment by a Board approved chemical dependency treatment unit.

Employees referred to an EAP, whether voluntarily or involuntarily, will not have their employment or job security interrupted or jeopardized solely due to participation in assessment, drug screening, treatment, or outpatient counseling.

Policies for leave-of-absence and group insurance coverage will apply as stated in the School Board policies and insurance plan.

A School Board employee may contact the EAP coordinator for assistance in obtaining assessment, counseling, or treatment. Such action is considered voluntary if it is not the result of a positive drug or alcohol test.

Supervisors will use established Board approved evaluation procedures to identify performance that is below "satisfactory." If the supervisor making the evaluation rates the employee in need of improvement or unsatisfactory and suspects alcohol or drug abuse, the employee will be referred to the EAP through procedures established by the Office of Personnel. Such referral is considered involuntary and is mandated policy. The decision to accept assessment counseling and/or treatment is the responsibility of each employee.

An employee who refuses assessment, counseling, or treatment, or an employee who undergoes treatment and relapses and whose performance is evaluated to need improvement or is unsatisfactory, will be subject to due process and discipline procedures like any other employee with a similar evaluation rating and may result in personnel actions including terminations.

To assist School Board employees, the School Board has an Employee Assistance Coordinator located in the Office of Personnel or under the direction of the Drug-Free Schools Coordinator.

Employee assistance will be provided to employees, but the costs for services of assessment and/or treatment will be the responsibility of the employee. The School Board will provide a leave option for employees who need leave from work for treatment in an approved chemical dependency unit (CDU). The leave will be provided for employees who voluntarily seek treatment and whom an EAP Coordinator refers to an approved CDU.

Any referrals of employees will be made only to qualified and approved chemical dependency units.

Employees provided assistance by the EAP must continue to meet the standards of conduct and job performance. Disciplinary action may be taken for violation of the Policy for Alcohol and Drug Abuse.

Employees returning from treatment may be asked to sign an Agreement of Recovery if deemed appropriate by the School Board.

IV. EMPLOYEE ASSISTANCE PROGRAM

An Employee Assistance Program is offered to all employees of the Ascension Parish School Board who may be adversely affected by drug and alcohol abuse or chemical dependency.

An objective of an EAP is to identify employees experiencing alcohol and other drug problems and motivate them to resolve their problems, and provide access to counseling or treatment.

Retaining the employee and improving job performance while improving personal, family and social relationships is another important EAP objective.

Employees may be referred to an EAP if a confirmed positive test result is indicated. Refusal to cooperate with the EAP Coordinator may result in appropriate disciplinary action.

If an employee is referred to an EAP due to a positive drug or alcohol test, the EAP shall implement the following:

- 1) Employee is evaluated and referred to an approved treatment program for assessment, which will include additional drug testing.
- 2) Employee assessment may lead to a recommendation for inpatient or outpatient treatment.
- 3) Employees must sign an agreement for the treatment unit to share information with the EAP Coordinator and the Ascension Parish School Board's Medical Review Officer (MRO). Information will be kept confidential and will not be part of the employee's personnel file.
- 4) Following discharge from treatment, the EAP Coordinator will continue to monitor the employee and provide assistance when deemed appropriate.

The employee's decision to seek prior assistance from the Employee Assistance Program will not be used against the employee in any disciplinary proceeding. On the other hand, using the EAP will not be a defense to the imposition of disciplinary action where facts proving a violation of this Policy are obtained outside the EAP. Accordingly, the purposes and practices of this Policy and the EAP are not in conflict and are distinctly separate in their applications.

V. SUPERVISORY TRAINING PROGRAM

All school employees have a person who evaluates their job performance and is in a supervisory position; therefore, supervisors play an important role in providing an environment conducive to a Drug-Free Workplace. Supervisors and administrators shall receive training by the Ascension Parish School Board's EAP in recognizing alcohol and drug abuse by its employees.

The Drug-Free Schools Coordinator and the Office of Personnel shall jointly implement training for supervisors and administrators. The EAP office will be responsible for developing a training package and will be housed in the Office of Personnel.

All supervisors and administrators shall be required to complete a three-clock-hour EAP course as part of an ongoing staff development program.

The training will cover the following areas:

- 1) Board policies related to job performance and problems related to the use and abuse of drugs and alcohol.
- 2) Board responsibility in offering assistance to employees needing help.
- 3) Ways to recognize symptoms of drug use and abuse and the behavioral changes of the employee.
- 4) Documentation procedures for employees.
- 5) Evaluating how job performance and disciplinary action relates to an EAP process.
- 6) Ways employees are identified, interviewed and referred for assessment and/or treatment.
- 7) How the employee reenters the job position after treatment occurs.

Job descriptions for all school supervisors and administrators will reflect their responsibility in providing a Drug-Free Workplace.

VI. PROTOCOL FOR AUTHORIZED USE OF PRESCRIBED MEDICINE

Employees of the Ascension Parish School Board undergoing medical treatment with any prescribed drug which may alter their mental or physical ability or behavior may report this treatment to the Employee Assistance Coordinator and must report all prescribed drugs to a medical review officer conducting a drug test.

All prescribed medicine must be kept in its original container, which identifies the drug with the date of the prescription and medical doctor written on container.

VII. ARREST OR CONVICTION UNDER CRIMINAL DRUG STATUTE

Any employee whose position requires a Louisiana Teaching Certificate may be denied the certificate or have it revoked if a certified court record indicates that the individual has received a final conviction by any state or federal court of a felony offense.

A Louisiana certificate may be denied, suspended, or revoked if a teacher presents fraudulent documentation pertaining to his/her certificate to the Board of Elementary and Secondary Education or the Department of Education.

VIII. PROHIBITIONS

The Ascension Parish School Board Alcohol and Drug-Free Workplace Policy promotes drug-free schools and prohibits the following:

- 1) Use, possession, manufacture, distribution, dispensation, or sale of illegal drugs or drug paraphernalia on School Board property;
- 2) Use, possession, manufacture, distribution, dispensation, or sale of a controlled substance or alcohol on the property of School Board or in a vehicle owned by School Board;
- 3) Storing in a locker, desk, automobile, school bus, or other School Board premises any illegal drug, drug paraphernalia, controlled substance, or alcohol whose use is unauthorized;

(Drugs, controlled substances, or alcohol seized or collected must be identified, labeled, and secured in a school vault and the DFSC Coordinator must be notified in writing of the seized substances. Collected or seized substances may not be stored in desks or places accessible to employees or students);

- 4) Being intoxicated or under the influences of an unauthorized controlled substance, illegal drug or alcohol on School Board property, in School Board owned, contracted, or leased vehicles, or during working hours and extra curricula related activities. "Being under the influence" of alcohol is defined as a blood alcohol content of .02% and "being under the influence" of a controlled substance or illegal drug is defined as testing positive at a detectable level;
- 5) Use of drugs, controlled substances, or alcohol off School Board property that adversely affects the employee's job performance, his/her or others' safety at work;
- 6) Arrest and conviction of possession, possession with intent to distribute, or distribution of an illegal drug;
- 7) Switching, adulterating, or conspiring to adulterate any sample submitted for substance testing;
- 8) Refusing to consent to testing or to submit a breath, saliva, urine, blood or other appropriate sample for testing when requested by authorized School Board officials, when pre-employment, safety sensitive, post accidental, or reasonable suspicion occurs;

- 9) Refusing to submit to an inspection of school property, school owned, contracted, or leased vehicles by authorized School Board officials;
- 10) Refusing to enter into and/or adhere to the requirements of any drug or alcohol treatment, counseling, or recovery program in which the employee is enrolled or required to participate by the School Board;
- 11) Failure to notify the EAP Coordinator of any arrest or conviction under any criminal drug statute or alcohol related arrest or conviction within five (5) days of the arrest or conviction;
- 12) Failure to report to the EAP Coordinator the use of prescribed drugs, which may alter the employee's behavior or physical or mental ability;
- 13) Failure to keep prescribed medicine in its original container;
- 14) Refusal, if requested, to sign a statement agreeing to abide by the School Board's Alcohol and Drug Abuse Policy;
- 15) Refusal, if requested, to sign an acknowledgment of the sensitive natures of the employee's job if employed in a safety sensitive position;
- 16) Refusal by an employee in a safety sensitive job or by a driver subject to testing to sign an acknowledgment that he/she will submit to random testing for alcohol or drugs as long as the employee remains in a safety sensitive job or remains a driver subject to testing;
- 17) Refusal to properly and fully complete medical questionnaires and consent forms as requested prior to testing;
- 18) Refusal to complete the toxicology chain of custody form after submission of a specimen.

IX. DRUGS TO BE TESTED FOR

Drug abuse is an evolving and ever changing situation and new designer drugs appear from time to time. To prevent this policy from being limited in scope, the APSB reserves the right to test for any controlled or illegal substance. Substances commonly tested for at the effective date of this policy include marijuana, opiates, cocaine, amphetamines, phencyclidine and alcohol. The samples required to be provided by the employee may include urine, saliva, breath, hair, blood or other scientifically acceptable source.

X. ALCOHOL USE OR IMPAIRMENT IN THE WORKPLACE AND ALCOHOL TESTING

The Ascension Parish School Board is committed to efforts to maintain a safe and productive working environment for all employees, as well as the safety of the general public, and of employees of customers and vendors doing business with the School Board. Employees with problems associated with alcohol may compromise the safety of the workplace as well as the general public. Each employee's assistance and full cooperation for the achievement of the

Ascension Parish School Board's overall goal of a drug-free workplace is vitally important and is expected and required as a condition of and consideration for continued employment.

Use of alcohol in the workplace, possession, concealment, transportation, gift, and/or promotion or sale of alcoholic beverages in the workplace is strictly prohibited. Use of alcohol on school or School Board premises/property during the working hours including lunch breaks and any other breaks during the scope of employment is strictly prohibited. Use of alcohol while driving school or School Board vehicles whether on or off-duty is strictly prohibited.

Any employee whose off-duty use or abuse of alcohol results in excessive absenteeism or tardiness or is the cause of or a contributing factor in accidents or poor work performance will be subject to disciplinary action up to and including discharge from employment.

Being under the influence of alcohol during the scope of employment (for example, on school or School Board premises, or school or School Board business, in school or School Board supplied vehicles, or during working hours, etc.) is strictly prohibited. Impairment or "being under the influence of alcohol" is defined as a blood alcohol content of 0.02g%. Presence of alcohol in one's body system is strictly prohibited during the scope of employment. Presence of alcohol is defined as any concentration of blood alcohol at the level of or above 0.02g%.

Whenever current School Board policy requires an employee to undergo a physical exam, that examination may include a saliva-screening test and/or blood confirmatory test for alcohol. An employee who tests positive at or above the level of 0.02g% for alcohol during such a physical exam will be in violation of this policy.

Pre-employment, post-accident, reasonable suspicion, rehabilitative, and random testing for alcohol will be performed in accordance with this policy.

A positive screening test for blood alcohol will necessitate the removal of the employee from duty pending the confirmatory test. As an example, an employee may screen positive for alcohol with a saliva sample test and then have a confirmation test done by an evidential breath testing device or have a blood sample tested.. Said employee shall be subject to possible disciplinary action or termination after the positive alcohol confirmation test.

Since the nature of the duties of the school bus driver is in itself of the utmost safety-sensitive, the Ascension Parish School Board reserves the right to require, at the sole discretion of the School Board, saliva screening tests for alcohol prior to or during performance of driving duties. Any positive screening test for presence of alcohol will be confirmed before any discipline is imposed upon the driver. The driver shall be removed from driving duties following a positive screening test and pending confirmation of the blood alcohol level at or above 0.02g%. Said driver shall be subject to possible disciplinary action or termination after confirmation of the blood alcohol.

As a condition of continued employment with the School Board, any employee involved in a reportable vehicle accident during the course and scope of this employment shall be tested for the presence of alcohol. The driver shall provide the specimen for alcohol testing immediately or as soon as possible after the accident. Any delay of time beyond justifiable circumstances in providing this sample for alcohol analysis shall be construed as an attempt to adulterate the alcohol level from the concentration at the time of the accident and shall warrant possible disciplinary action, up to and including termination.

Testing for alcohol can be done at the scene of the accident by an approved saliva alcohol test. Screening can also be done by evidential breath testing. If the screening test is positive, a confirmatory test should be administered as soon as possible after the screening test and ideally within fifteen minutes of the positive screening test. Devices used for testing (screening and confirmation) shall be those devices and methodologies approved by the United States Department of Transportation as outlined in the then current federal drug and alcohol testing regulations.

A driver who is seriously injured and cannot provide a specimen at the time of the accident shall provide the necessary authorization for obtaining hospital reports and other documents that would indicate whether there was any alcohol in his/her system.

XI. TYPES OF DRUG TESTING

- 1) **PRE-EMPLOYMENT** - Any applicant for employment with the Ascension Parish School Board may be tested for illicit drug or alcohol use.
- 2) **POST-ACCIDENT** - As a condition of continued employment with the Ascension Parish School Board, any employee involved in an accident during the course and scope of his employment, shall be tested for the presence of drugs and alcohol. The accident must render physical harm to the employee or to others such that medical attention is required or monetary damage results in the amount of \$100 or greater to warrant testing for drugs and alcohol.
- 3) **REASONABLE SUSPICION TESTING** - A supervisor may reasonably suspect that an employee illegally uses drugs or abuses legal drugs or alcohol or violates this policy, based upon any or all of the following: observation of drug use; apparent drug intoxication; abnormal or erratic behavior; investigation, arrest, or conviction for drug-related offenses; reports from apparently reliable credible sources or evidence that the employee tampered with a previous drug test. Any employee may be required to undergo testing when such reasonable suspicions arise and a higher-level authority concurs with the supervisor's suspicions.
- 4) **RANDOM DRUG TESTING** - Random drug testing shall be limited to safety-sensitive and security-sensitive positions. Each workday should present each employee in a random testing program with a new opportunity of having to produce a sample, with the odds equal for all employees on each new day, regardless of samples previously produced by any of them.

Employees in safety-sensitive or security-sensitive positions shall include:

- a) Any employee or contracted person operating a public or contracted vehicle.
- b) One who transports children or employees in a vehicle.
- c) Any employee or contracted person using or operating tools, equipment, or machinery that may place that person or others in a dangerous situation.
- d) Any employee who may at any time during their described duties be required to perform duties that are safety-sensitive or security-sensitive.

- e) Any employee who may be required to handle drugs or weapons.
- 5) REHABILITATIVE - Employees found to be using drugs or alcohol in violation of this policy may be referred to an Employee Assistance Program, which may assess treatment progress with further drug or alcohol monitoring. Continued employment shall be contingent upon drug and alcohol abstinence to deter relapse. Monitoring for the presence of drug or alcohol use shall be frequent, unannounced, and with specimens collected under direct observation. Blood, saliva, hair, urine, or other appropriate specimen may be used as samples for monitoring drug or alcohol use.
- 6) VOLUNTARY TESTING - Some employees may wish to volunteer to participate in random drug tests even though they are not in sensitive positions requiring random testing. Such employees do not volunteer to provide samples at self-selected times, but to participate in random, unannounced urine collection.

XII. DRUG TESTING PROCEDURES

All procedures used in drug testing programs, including collection, sealing and labeling of samples, chain of custody, storage and transport of specimens, handling of biohazardous wastes, drug testing, reporting of results, review of results, and confidentiality of drug testing, must be performed in accordance with Act 1036 of the 1990 Louisiana Legislature.

Collection of forensic urine specimens shall be collected with a rigorous chain of custody, security of the specimen, and with regard to the privacy of the individual. Handling and disposal of biohazardous waste shall be in accordance with proper safety procedures.

Direct observation of the employee during collection of the urine specimen is not allowed except under the following circumstances:

- 1) There is reason to believe that the individual may alter or substitute the specimen to be tested.
- 2) The individual has provided a urine specimen that falls outside the acceptable temperature range as listed in the NIDA or SAMHSA guidelines.
- 3) The last urine specimen provided by the individual was verified by the medical review officer as being adulterated or substituted based upon the determinations of the laboratory.
- 4) The collection site person observes conduct indicating an attempt to substitute or adulterate the sample.
- 5) The individual has previously been determined to have a urine specimen positive for one or more of the drugs, the testing of which is regulated by Act 1036, and is being tested for purposes of follow-up testing upon or after return to service.
- 6) The type of drug testing is post-accident or reasonable suspicion/cause.

All direct observation shall be conducted by a same gender collection site person. A designated representative of the Ascension Parish School Board shall review and concur in advance with any decision by the collection site person to obtain a specimen under direct observation.

Drug testing of employee specimens shall be performed in compliance with the NIDA/SAMHSA guidelines in a SAMHSA-certified or CAP-FUDT certified laboratory. The cut-off limits for drug testing shall be in accordance with SAMHSA guidelines.

All laboratory positive, adulterated, substituted, diluted, and invalid results of employee drug-testing shall be reviewed by the Medical Review Officer in accordance with Act 1036. Negative results will not be reviewed by the Medical Review Officer, but shall be reported directly from the laboratory to an EAP supervisor of the Ascension Parish School Board. An exception to this will be any employees falling under federal drug testing programs such as school bus drivers. In this case, all results, negative and positive, will first be reported to the Medical Review Officer and then the MRO will report the results to the appropriate school board representative. The confidentiality of such results shall be maintained.

The Ascension Parish School Board shall notify all applicants testing positive on the initial screening tests of pre-employment testing that the positive drug screen result may be confirmed and reviewed by a Medical Review Officer at the applicant's own expense. Any pre-employment applicant's testing positive on the initial testing without confirmation and review by the Medical Review Officer shall be removed from the list of available applicants for job positions. Any pre-employment applicants with confirmed positive test results followed by medical officer review shall be removed from the list of available applicants for job positions. Any pre-employment applicants with confirmed positive test results followed by medical officer review shall be removed from the list of available applicants for job positions.

XIII. CONSEQUENCES FOR VIOLATION OF POLICY

Compliance with the Ascension Parish School Board's Policy on Alcohol and Drug-Free Workplace is a condition of employment. Persons applying for a position with the School Board must cooperate and failure or refusal to cooperate fully, sign any required document, submit to any inspection or test, or follow any prescribed course of assessment is grounds for non-employment.

The School Board may discipline or terminate any employee working in a safety sensitive job who violates the Alcohol and Drug-Free Workplace Policy.

Employees violating the section of this policy on "PROHIBITIONS" may receive severe disciplinary action, which could lead to termination. This applies to safety-sensitive as well as non-safety-sensitive employees.

Employees who violate this policy or who do test positive for drugs or alcohol following an accident will be referred to the EAP Coordinator. Based on assessment, an employee will be referred for counseling or treatment or may be terminated if existing School Board policy dictates or allows. Employees referred to an EAP Coordinator as a result of a positive test for alcohol and drugs must immediately cease any alcohol abuse or drug use, must submit themselves to periodic unannounced testing for a period of twenty-four (24) months, and must comply with all other conditions of assessment, counseling, or treatment. Employees who undergo counseling or

treatment for alcohol or drug abuse and continue to work must meet all standards of conduct established by the School Board as well as satisfactory job performance.

The Ascension Parish School Board will promptly discipline any employee who tests positive for alcohol or drug abuse while undergoing counseling or treatment.

Based upon documented established standards and job performance, the School Board may terminate any employee who violates this policy during treatment or during the twenty-four (24) month period following completion of the rehabilitation program(s).

XIV. REHABILITATION POLICY

In accordance with Act 1036 of the 1990 Louisiana Legislature, any employee, confirmed positive, upon his written request, shall have the right of access within seven (7) working days to records relating to his/her drug tests and any records relating to the suspension/revocation-of-certification proceedings.

The Ascension Parish School Board shall afford the opportunity to undergo rehabilitation without termination of employment to any employee whose random drug tests are certified positive by the medical review officer. An employee who refuses to or does not undergo rehabilitation or does not comply satisfactorily with the referred treatment program may be terminated. Any employee who returns to service following rehabilitation may be monitored by follow-up drug testing upon his return to service and for not longer than sixty (60) months following return to work. A second positive drug test shall result in termination.

During the after-care monitoring, it is the option of the Ascension Parish School Board as to whether to reassign employees in security-sensitive or safety-sensitive positions to alternate duties during this period of after-care monitoring. Employees who successfully undergo counseling or treatment may be asked to sign a Recovery Agreement if deemed appropriate by the Ascension Parish School Board.

XV. CONFIDENTIALITY

The Ascension Parish School Board will be sensitive to the needs of all employees' confidentiality and will implement the following guidelines:

- 1) Documents relating to substance abuse placed in employees' personnel files shall be confidential.
- 2) Documents will be filed under lock and key in the employees' personnel files.
- 3) The Superintendent/designee shall be responsible to maintain the confidentiality of all information in connection with the administration of the Substance Abuse Program.
- 4) At all times the employees' confidentiality shall be protected. Employees shall be assigned individual lab numbers and all correspondence to the lab shall be done through this number.
- 5) In the actual taking of samples, the process is to be conducted in accordance with prudent procedures to insure that the degree of bodily invasion is minimal.

- 6) Referrals made on the basis of an impairment shall be kept confidential unless they place the safety of other adults and/or children in jeopardy or have a statutory requirement for mandatory reporting.
- 7) All testing records and results shall be confidential, except to the extent necessary to conduct disciplinary proceedings or to comply with state reporting statutes.
- 8) All disciplinary proceedings conducted pursuant to this program will be conducted in strict accordance with applicable Louisiana laws regarding teachers and school bus drivers and/or the School Board Policy Manual, whichever may be applicable under the circumstances. In the event of a question as to the procedure to be followed, the Louisiana Administration Procedure Act shall apply.
- 9) To develop and implement a uniform written system for the maintenance and use of records and access to personnel files by authorized persons.
- 10) To provide for the establishment of procedures for immediate notification to employees of the filing of any documents into their personnel file.
- 11) Only positive results shall be communicated to employees.

XVI. POLICY FOR CONTRACTORS AND SUBCONTRACTORS

The Ascension Parish School Board Alcohol and Drug Abuse Policy applies not only to its own employees but equally to all employees of contractors and subcontractors while in the scope of contract employment or on the premises of the Board.

XVII. EMPLOYER RESERVATION OF RIGHTS

The Ascension Parish School Board reserves the right to amend, interpret, change, rescind, or depart from this written policy in whole or in part. The employee shall be notified in writing of any such changes. Nothing in this policy alters an employee's status.

XX. SUBSTANCE ABUSE TESTING FOR HOLDERS OF COMMERCIAL DRIVERS LICENSES - ASCENSION PARISH SCHOOL BOARD POLICY GAMEB

INTRODUCTION

The Ascension Parish School Board has a strong commitment to provide a safe workplace and to establish policies promoting high standards of employee health and safety. In keeping with this commitment, it is Ascension Parish School Board's intent to maintain a drug/alcohol-free workplace and a drug/alcohol-free workforce.

Section 1. Applicability

This policy provides for compliance with the Omnibus Transportation Employee Testing Act of 1991 and Federal Motor Carrier Safety Regulations and future amendments.

This policy applies to all employees of the Ascension Parish School Board who are required to obtain and maintain a commercial driver's license (CDL) in order to operate an owned or leased vehicle of the Ascension Parish School Board to perform their job duties. The testing

requirements apply to driver-applicants, driver-employees, and contract- or leased- drivers. A driver is covered if, at any point during the year, the driver operates a vehicle for which the operator must have a commercial driver's license when operating the vehicle, such as a school bus. Testing provided for by this policy will be effective January 1, 1995.

Section 2. Definitions

- a. Alcohol means the intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohols including methyl and isopropyl alcohol.
- b. Alcohol concentration (or content) means the alcohol in a volume of breath expressed in terms of grams of alcohol per 210 liters of breath as indicated by an evidential breath test.
- c. Alcohol use means the consumption of any beverage, mixture, or preparation, including any medication, containing alcohol.
- d. Covered vehicle means a motor vehicle to include any school bus and other vehicles, as defined by law and 49 C.F.R. 382.107 as amended, the operation of which requires a driver with a commercial driver's license (CDL).

For controlled substances testing a confirmation test means a second drug analytical procedure to identify the presence of a specific drug or metabolite which is independent of the screen test and which uses a different technique and chemical principal from that of the screen test in order to insure reliability and accuracy.
- g. Screening Test (also known as Initial Test) in alcohol testing, it means an analytical procedure (Breath Alcohol Test) to determine whether a driver may have a prohibited concentration of alcohol in his or her system. In controlled substance testing, it means an immunoassay screen to eliminate "negative" urine specimens from further consideration.

Section 3. Alcohol Use and Possession Prohibited.

No driver shall report for duty or remain on duty to operate a school bus or other covered vehicle while having an alcohol concentration of 0.04 or greater. No driver shall be on duty or operate a school bus or other covered commercial motor vehicle while the driver possesses alcohol. No driver shall operate a school bus or other covered vehicle within four hours after using alcohol. No driver required to take a post-accident alcohol test shall use alcohol for eight hours following the accident or until he/she undergoes a post-accident alcohol test, whichever occurs first. Any violation of this policy shall result in immediate suspension of the employee and termination of the employee.

Section 6. Impairment Prohibited.

No driver will report for work or will drive while under the influence or impaired because of any drug or controlled substance. A driver may use a substance administered by or under the instruction of a physician who has advised the driver that the substance will not affect the driver's ability to safely operate a motor vehicle. The driver must furnish written evidence of the doctor's prescription to his/her supervisor prior to operating any covered vehicle. Any violation of the policy shall result in immediate suspension of the driver and termination.

Section 7. Possession Prohibited.

No driver at any work site shall possess any controlled substance, lawful or unlawful, with the exception of substances administered by or under the instructions of a physician. "Work site" means any motor vehicle, office, building, yard, or other property operated by the Ascension Parish School Board, or any other location at which the driver is to perform Ascension Parish School Board work. "Screening" means testing of breath and/or of urine to determine use or impairment.

- a. **Pre-Employment Testing.** Prior to being employed in a driving position, all applicants shall be tested for alcohol and controlled substances which complies with the requirements of 49 C.F.R. 382.301, and as hereafter amended. Such testing shall be at the expense of the prospective employee. Refusal to submit to testing shall result in rejection of prospective employees' application and employment.

- b. **Post-Accident Testing.** After any accident involving a covered vehicle, each surviving driver shall be tested for alcohol and controlled substances if 1) a loss of human life occurs; 2) when the driver/employee receives a citation for a moving violation from the police officer handling the accident even if no fatality occurs and one or both of the following occurs: a) an individual involved in the accident must be treated away from the scene for an injury received in the accident, or; b) a vehicle is required to be towed from the scene. Alcohol tests should be administered within two (2) hours following the accident but not more than eight (8) hours following the accident. A controlled substance test is required to be administered within thirty-two (32) hours following the accident. A driver who is subject to post-accident testing shall remain readily available for such testing or will be deemed to have refused to submit to testing. Failure or refusal to submit to testing will result in immediate suspension and termination.

- c. **Random Testing.** The minimum annual percentage rate for random testing shall be 25% of the average number of driver positions. The minimum annual percentage rate for random controlled substance testing shall be 50% of the average number of driver positions. The selection of drivers for the random alcohol and controlled substance testing shall be made utilizing a random numbered table of a computer based random number generator that is matched with drivers' social security numbers. The procedures for the random testing will be conducted in accordance with 49 C.F.R. 382.305 and as hereafter amended.

- d. **Reasonable Suspicion Testing.** A driver shall submit to testing when a supervisor or other supervisory personnel, who is trained in accordance with 49 C.F.R. 382.603 and as amended, as based upon the required observations for alcohol and/or controlled substances, has formed reasonable suspicion to conduct an alcohol test or a controlled substance test. The observations and tests shall be conducted in accordance with the provisions of 49 C.F.R. 382.307 and as hereafter amended.

- e. **Return to Duty Testing.** Prior to returning to duty, any employee whose duties require a commercial drivers license who has previously tested positive for an alcohol or a drug test must be tested for alcohol and drugs.
 - i) If an employee has been removed from his/her duties for alcohol misuse, he/she must indicate no more than .02g% BAC on the return-to-duty alcohol test before he can resume his duties.
 - ii) If an employee has been removed from his/her duties for a positive drug test, he must undergo a return-to-duty drug test and obtain a verified negative result.
